Building a Learning Ecosystem

Tina Chuck, MPH

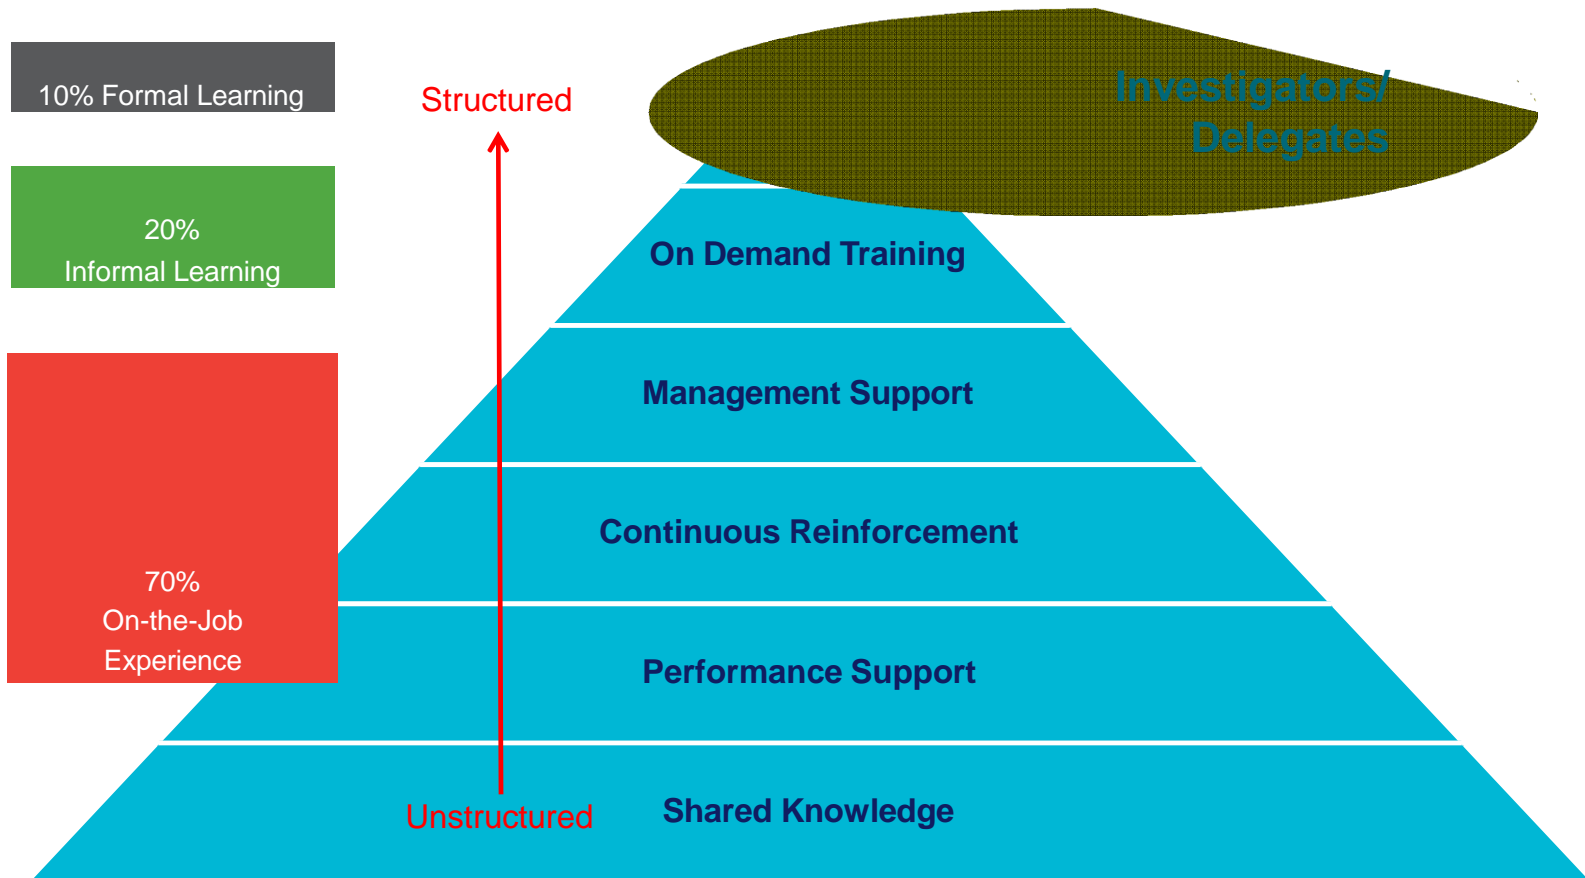

Director

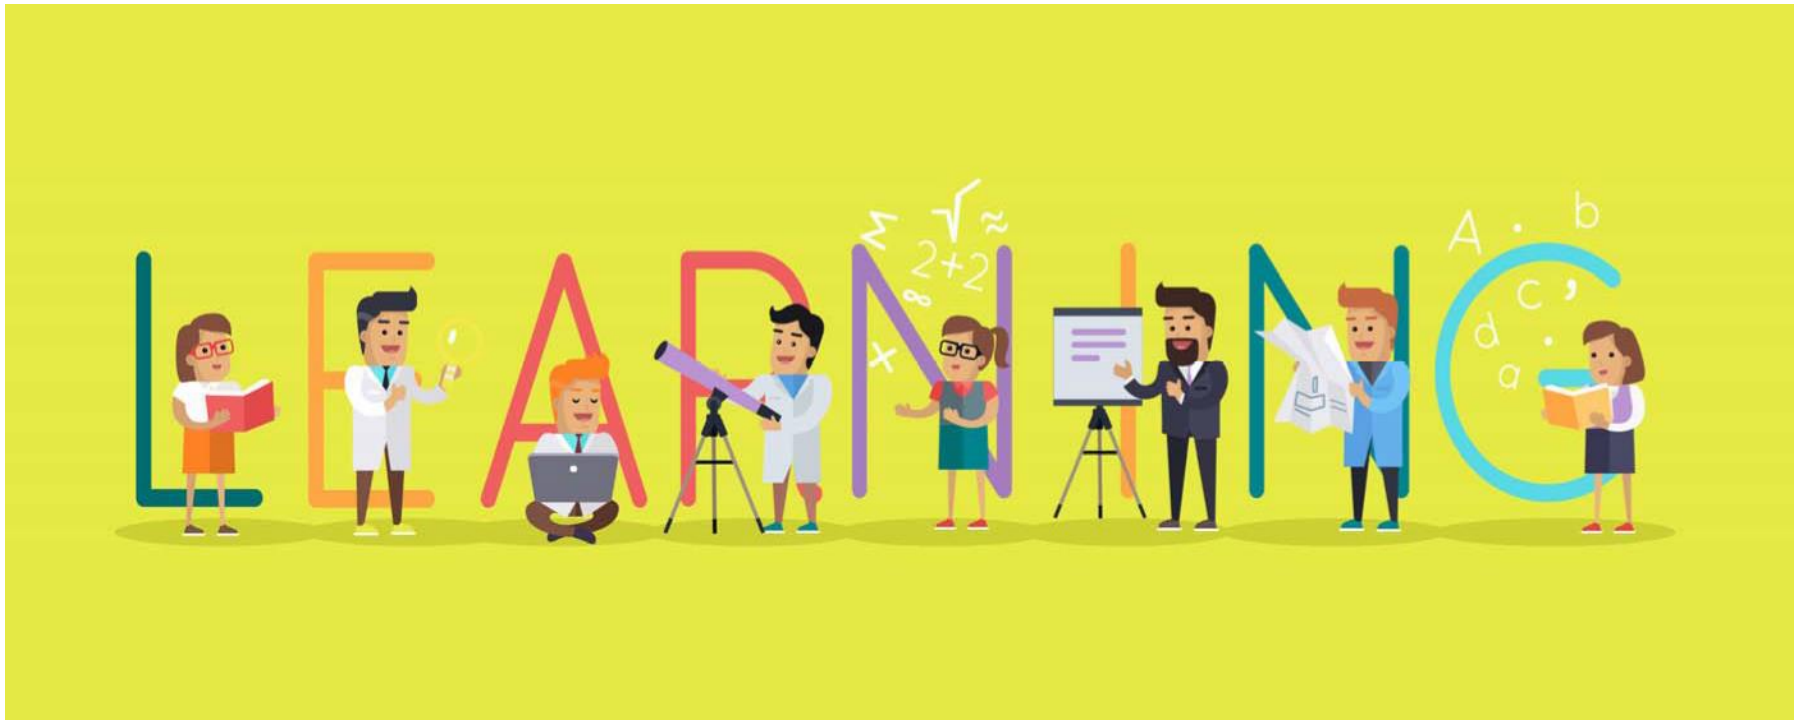

Office of Research Policy and Training

Northwell Health

tchuck@northwell.edu

The Learning Ecosystem

Interdisciplinary field of study that examines how people learn and how the learning and development (L&D) function can improve training.

Britt Andreatta – Neuroscience of Learning

VS

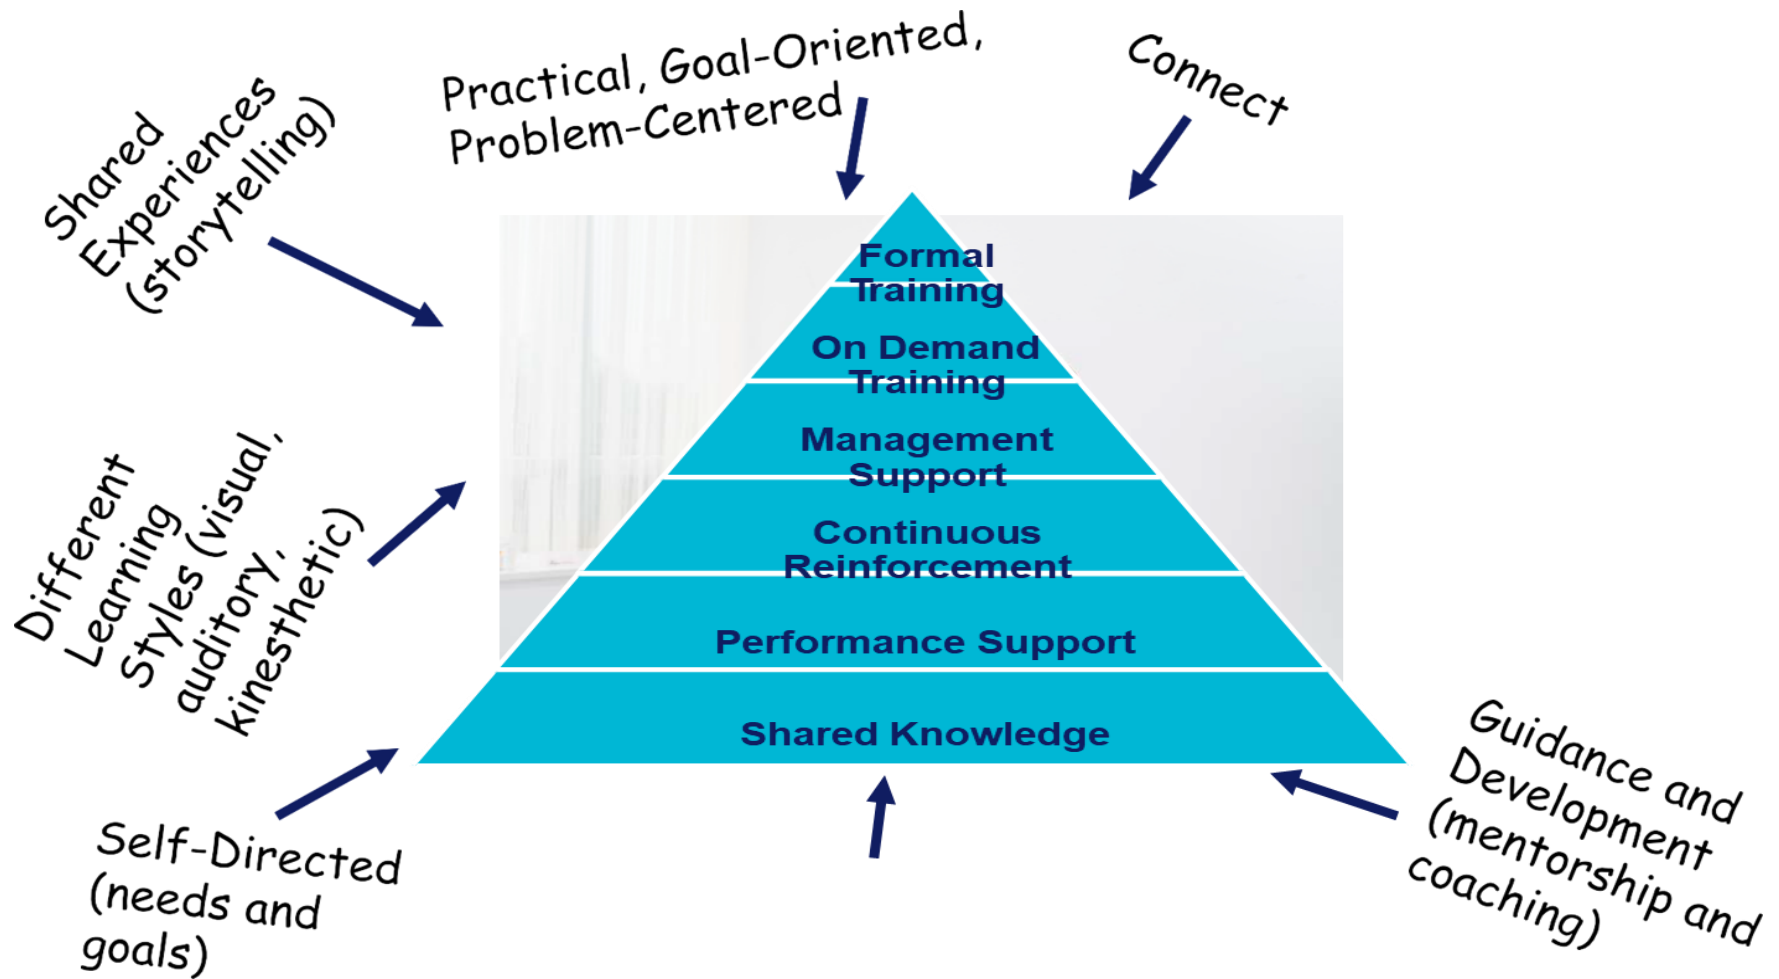

Growth Mindset

Fixed Mindset

Carol Dweck, Stanford Professor

Fundamentals of Adult Learning

**LEARNING
NEVER ENDS**

THANK YOU.
