

# Embedding Clinical Trials in Health Care Settings

Multi-Stakeholder Expert Meeting Agenda

May 11, 2022

10:30 a.m. – 2:30 p.m. EST  
Virtual Event

**CTTI MISSION:** To develop and drive adoption of practices that will increase the quality and efficiency of clinical trials

## **MEETING OBJECTIVES:**

- ▶ Present findings from project's evidence generation: in-depth interviews with study designers and implementers
- ▶ Refine operational recommendations and resources
- ▶ Begin to strategize implementation of operational recommendations and resources

## **MEETING MATERIALS**

- ▶ Draft CTTI Recommendations
- ▶ 5 Case Examples of Trials with Embedded Elements

**MAY 11, 2022**

---

**10:30 a.m. Welcoming Remarks**

10:30 a.m. Introduction to the Clinical Trials Transformation Initiative (CTTI)  
*Sally Okun, CTTI*

**10:35 a.m. Session I: Project Overview and Results**

10:35 a.m. Trials in Health Care Settings Project Overview and Meeting Objectives  
*Lindsay Kehoe, CTTI*

10:40 a.m. Review of Project's In-depth Interview Results  
*Amy Corneli, CTTI*

11:00 a.m. Q&A about Interview results

**11:15 a.m. Session II: Leveraging Examples to Refine Recommendations**

Session Facilitator/Moderator: *Lindsay Kehoe, CTTI*

Session Objectives:

- ▶ Learn from examples of embedded trials
- ▶ Identify gaps and refine recommendations

11:15 a.m. Review of Project's Draft Recommendations  
*Mark Stewart, Friends of Cancer Research*

11:30 a.m. Open Group Discussion about Recommendations

- *Are these recommendations clear?*
- *Where is there too much or not enough information?*
- *Is there a place where a tool (e.g., a flowchart or checklist) would help to provide needed detail?*

**11:50 a.m. Break**

12:00 p.m. Case Example #1: Recovery  
*Martin Landray, University of Oxford*

12:10 p.m. Case Example #2: I-SPY  
*Laura Esserman, University of California San Francisco*

12:20 p.m. Case Example #3: VA Diuretic Comparison Project  
*Ryan Ferguson, Department of Veteran's Affairs*

12:30 p.m. Break Out Groups  
Each group will help refine the recommendations with a focus on operations, data, technology implementation, or future directions

**1:30 p.m. Break**

1:40 p.m. Break Out Group Debrief

## **1:55 p.m. Session III: Strategizing Implementation of Recommendations**

1:55 p.m. Implementation Opportunities  
*Kraig Kinchen, Eli Lilly and Company*

*Session Objectives:*

- ▶ Review purpose of recommendations and target audience
- ▶ Discuss how best to implement the recommendations
- ▶ Explore desired outcome for implementation

2:00 p.m. Open Discussion and Poll

- *How do we best communicate the rationale for embedding trials?*
- *What does success look like?*
- *Are there trials, in early planning phases, that might benefit from implementation of the recommendations?*

## **2:25 p.m. Closing Comments**

### **2:25 p.m. Next Steps and Adjourn**

*Lindsay Kehoe, CTTI*
